New Board Members Announced at Banquet Session

C. of C. Reviews Year at Annual Dinner

NEW C. OF C. DIRECTORS, OFFICERS—Pictured above with Chamber of Commerce President, Walter Morrow, extreme right, and Chamber Manager William Stoughton, extreme left, are the six men who will fill present vacancies on the C. of C. board.

The Washington C. H. Chamber of Commerce reviewed its own performance during the past year, took a look into the future and announced the results of balloting for directors at the 14th annual dinner meeting held at the Country Club Monday night.

Nearly 150 members, wives and guests attending the banquet heard George B. Hutchinson, supervisor of production engineering for Armco Drainage and Metal Products Inc., analyze the community assets which industry considers in the location of new plants.

Introduced were the six Chamber members who will fill vacancies on the board. They are: Leo Edwards, personnel director for Armco; Joseph Peters, plant manager for National Cash Register Co.; John Breiner, office manager for the Dr. Heinz Co., Bloomingburg; Thurl Campbell, Yeoman Radio and Television; Larry Soldan, Solder's Women's Apparel; and J. Roush Burton, president, First National Bank.

Peters, Breiner and Burton have served in that capacity before.

THE SUCCESSFUL candidates, whose names were announced for

3 Teen-Agers Convicted for Bronx Attack

NEW YORK — Three teen-agers were convicted Monday of the baseball bat assault on a teacher who tried to protect his class of 35 boys and girls from robbery in a park.

A fourth teen-age defendant was acquitted.

One of those convicted, Kenneth Swanson, 16, was sent to Bellevue Hospital for mental examination.

Sentencing of the three was set for July 11.

Ralph Boone, 16, was acquitted on all counts in the indictment.

The attack took place in Crotona Park in the Bronx last March 24. The teacher, Arthur Santos, 36, of the Bronx Community School had taken the pupils to the park to play baseball.

Santos, a ministerial student, was punched, kicked and hit with a baseball bat when he tried to protect his charges.

The attackers were accused of annoying his class members and stealing a dime, two pens and a pencil from one of the pupils.

Swanson and Richard Curtis, 17, were convicted of the assault on the teacher, the assault on a pupil, robbery and grand larceny. They could be sentenced to up to 45 years in prison.

Wayne Dowling, 17, was convicted only of assault on the teacher. He could get up to five years.

Japanese To Free Yankee on Bail

TOKYO — Joseph P. Crowley is scheduled to be released on bail Wednesday to await trial for the death of T. A. D. Jones Jr., his brother-in-law and business partner in New Haven, Conn.

Crowley, a former Yale football star, was indicted Monday on a charge of beating Jones to death after a night of drinking. The Tokyo District Court today set his bail at 300,000 yen (\$833.31).

Arthur K. Mori, Yale-educated attorney for the 48-year-old ex-husband, said he could not predict when the trial would begin but he hoped to know shortly.

the first time at the meeting, replace Paul F. Rodenfels, Dustin Gorton, A. H. Hutton, Ralph Bray and Albert Bryant, whose three-year terms expire, and Robert Lisk, resigned.

The directors will meet the first Monday night in July to name Chamber officers for the new year.

Other members of the board are Walter Rettig, Jim Schwartz, Carroll Halliday, Walter Morrow, George Finley, Robert Olin, and

What Does Industry Seek in a Community?

What does industry look for when seeking out a community in which to build a new plant?

Actually the decision is made on a combination of factors, economic and "intangible", George B. Hutchinson, supervisor of production engineering for Armco Drainage and Metal Products Inc., told members of the Chamber of Commerce and their guests here Monday night.

Community enthusiasm is a top consideration, he emphasized. Hutchinson coordinates production activities of the company's 55 fabricating plants, analyzes possible locations for new factories and prepares layouts and cost estimates for these facilities.

A graduate of Carnegie Institute of Technology, Hutchinson, who lives in Middletown, assisted in establishment of the Armco plant in Washington C. H.

DRAWING ON his own experiences and the policies of his firm, the speaker pointed out that preliminary considerations for plant location must include such factors as "the center of the market area", availability of raw materials and the costs of transportation to consumers.

Next step is the matter of establishing which of the communities in the general area selected would best serve the industry's purpose. This means a review of trade journals and brochures such as are prepared by the Washington C. H. Chamber of Commerce.

After the search narrows down to a half-dozen communities or less, plant representatives make personal visits to these cities, call

Front row center, left to right, are Leo Edwards, Joseph Peters and John Breiner. Standing behind them are, left to right, Thurl Campbell, Larry Soldan and J. Roush Burton.

George Naylor, Max Lawrence and Wayne Bower.

WALTER MORROW, 1957 - 58 president of the Chamber, told the group that the future of Washington C. H. and Fayette County depends entirely on the efforts expended by its leaders.

"We are affected by the way the world is going and we cannot grow and prosper by sticking our heads in the sand," Morrow said. "At the

same time," Morrow continued, "we must plan our growth."

Morrow pointed out the advisability of "sitting down and talking over our problems" for the greater advantage of the community as a whole.

In reviewing the accomplishments, the president called particular attention to the 70 new memberships netted in last week's campaign—a gain which brings total Chamber membership to 385.

He said that the Area Development Committee and the Highway Committee are going ahead with their work and he added that at least four industries are showing an interest in Washington C. H. as a potential site for plants. He is not at liberty to identify them at present, he said.

The Chamber still is attempting to interest the Ohio Department of Agriculture in locating an experimental farm near Washington C. H., he disclosed.

MORROW'S LIST of accomplishments over a two - year period included the following items:

1. Active Area Development

(Please Turn to Page Five)

These visits will answer an important question, Hutchinson said. "Are leaders in the community enthusiastic about new industry and are they enthusiastic about this particular type of industry?"

Lack of enthusiasm doesn't make for a satisfactory community-industrial partnership, Hutchinson observed. Is the community over-cautious about the effect of industrial payrolls on prevailing wage rates? Are community leaders too critical of the noise and odors associated with some types of industry?

ENTHUSIASM, the speaker continued, isn't enough in itself since industry is deeply concerned with land costs — not only initial costs but the costs of water and gas lines, power installations and sewers.

This may mean that higher priced land close to a city may be cheaper in the long run than lower-cost land some miles from centers of population.

Industry also wants answers to these questions: Are rail and highway transportation facilities readily available? Is there an established industrial park with convenient sewer, water and gas connections? What is the tax structure? What type of industry now exists in the community, and is there a potential labor supply?

The "intangible" factors in plant location which may guide the choice among communities

Ike Proposes U. S.-Russian Talks in Geneva on July 1

WASHINGTON — President Eisenhower today proposed to Soviet Premier Nikita S. Khrushchev that technical talks begin July 1 in Geneva on methods of policing any possible future ban on nuclear tests.

The White House made public a letter from the President stating that the Swiss government has agreed to the Geneva site, which Eisenhower said would be preferable to Moscow.

Khrushchev, in agreeing to such talks, had suggested they be held in his own capital.

Eisenhower told the Russian premier this government would not object to the inclusion of experts from Czechoslovakia and Poland on the Soviet side.

The Western Powers participating, he said, would be the United Kingdom, France, and possibly other countries in addition to the United States.

EISENHOWER noted that Khrushchev has indicated the Soviet Union would not object to the

inclusion of additional Western nations having experts in the field of nuclear test detection.

Meanwhile, Secretary of State Dulles said the United States probably would want international inspection posts within Communist China as well as elsewhere to police any agreement to ban nuclear weapons tests.

U.S. scientific experts have advised him that an adequate system to supervise test suspension would have to cover such areas as Communist China, Australia and the Sahara desert, Dulles said.

Dulles said he had conferred with the experts who would represent this country at Geneva, all top-flight physicists, and told them their job was completely technical and not in any way political.

The experts are Dr. Ernest O. Lawrence of the University of California; Dr. James Brown Fisk of Bell Telephone Laboratories and Dr. Robert F. Bacher of California Institute of Technology.

3 Monkeys Join Gotham Picket Line

NEW YORK — Three monkeys joined in a picket line outside City Hall today but police banned two elephants.

Five hundred employees of the Bronx Zoo, the Hayden Planetarium and several museums took part in the demonstration to protest the city's salary plan.

"Stop monkeying with our pay," said signs on two monkey cages.

The pickets had rented six monkeys and two baby elephants to focus attention on their dispute.

Police said the elephants were banned because they might interfere with traffic.

The picketing, handicapped by rain, ended an hour and 20 minutes after it started.

The demonstration was aimed at the city budget director.

"We're fed up with the circus they've made out of our classification and pay," said Reese Hammond, a spokesman for the picketers.

The workers are members of the American Federation of State, County and Municipal Employees.

The dispute, according to the union, centers on what it calls inequalities in the city's career and salary plan.

The union represents 700 city-paid workers employed at the privately operated institutions.

The workers involved are menagerie keepers, mechanics, guards, laborers, truck drivers, technicians and clerical help.

Oklahoma Wheat Land Threatened by Fires

OKLAHOMA CITY — Plagued with the threats of grasshopper invasions, Oklahoma wheat farmers now face a new peril—fire.

Flames consumed several hundred acres of lush wheat fields in north central Oklahoma. The fires were attributed to hot exhausts of machines.

Dayton Boy Drowns

DAYTON — An 11-year-old Dayton boy drowned in the water of an abandoned gravel pit near here Monday. The victim, James Herring, was thrown into the water when a raft tipped over.

Air Force Plans Shoot For Moon Next August

Briton Urges Little by Little Hunt for Peace

BALTIMORE — British Prime Minister Harold Macmillan called today for a start toward building world peace through a "little by little" approach to discarding all big weapons—atomic and others.

Macmillan's speech was prepared for commencement exercises at Johns Hopkins University, where President Eisenhower was to introduce him as "a great free world leader." Both were given honorary degrees by the school.

Macmillan said the Western world alliance has served its purpose well and must be continued as a shield against Communist aggression.

"But I am not without hope," he said, "that we may succeed little by little, if not all at once, in making some progress toward the relaxation of tensions in the world."

Macmillan said it would be foolish to expect any summit meeting to bridge the gap between East and West.

HE ADDED, however, that "if conditions are favorable and if the will is there they might make, first, a little progress here, and then a little there and so bring us out of a condition of stalemate into one of negotiation."

But he said it can be done "only if both sides are willing. We on our side certainly are willing."

Macmillan said both the United States and Britain have rightly held that a beginning can be made in controlled disarmament of both nuclear and conventional weapons.

"Control is really the essence," he said.

"Once both sides agree to experiment in this we shall have really made a start. We will have established a beginning of confidence. And confidence means peace."

As he did in an address Sunday at De Pauw University, Greencastle, Ind., Macmillan urged lowering of trade barriers which restrict the flow of goods between countries.

Eisenhower, in his brief introductory remarks, said Macmillan "is respected and admired in all the countries of the world that are freely permitted to know the facts of today's world and personalities."

Presiding over the ceremony was the President's brother, Dr. Milton Eisenhower, president of the university.

THE PRESIDENT and Macmillan held a guarded private conference Monday in the White House.

It lasted 2½ hours and ranged widely through cold war issues.

Macmillan confers again with Eisenhower at a White House dinner tonight, following an afternoon conference with Secretary Dulles at the State Department.

Dulles and other top U.S. figures among them Chairman Lewis L. Strauss of the Atomic Energy Commission and Chairman Nathan Twining of the Joint Chiefs of Staff, sat in on Monday's White House talks. Also present were such top British officials as Sir Edwin Plowden, chief of Britain's atomic effort, and Sir Norman Brook, secretary of the British cabinet.

Swiss Gals Shun Voting Rights

LUCERNE, Switzerland — A committee of women was organized today to oppose the granting of voting rights to women.

Switzerland is the last country in Europe where only men can vote. The government wants to give women voting privileges. There'll be a referendum come autumn.

So some of the good housewives got together and cooked up a propaganda campaign against this half baked notion of votes for women.

Two of the main ingredients: If women vote like their husbands their ballots aren't needed anyway. If they vote against their husbands their ballots cancel each other.

Algerians Ignore DeGaulle's Orders

ALGIERS — The insurgent Committee of Public Safety rebelled today against Premier Charles de Gaulle's orders to get out of government.

The committee issued a communique opposing De Gaulle's plans for local elections in Algeria within one month and demanded an end to the present system of political parties in France.

The communique was issued with the notation that it had been approved by Gen. Raoul Salan, who was given full civil and military powers in Algeria by De Gaulle.

De Gaulle last Friday, on a dramatic trip here, called for the committee to turn their efforts toward unifying the Arab-Berber and European populations.

The committee seized control in this North African territory May 13 and demanded De Gaulle be returned to power in France. Some committee members sored on De Gaulle, however, when he ignored the insurgents in forming a Cabinet.

INSTEAD, De Gaulle called in many of the leaders of the political factions dividing France.

The 72-man committee also demanded sweeping changes in the administration of Algeria to eliminate all barriers with metropolitan France. These include the demand for the abolition of all customs and visa requirements, the institution of one currency for the two areas, and the abolition of all separate administrative setups such as special ministries for the Sahara.

The erasure of administrative barriers would be in line with De Gaulle's stated policy of making all Moslems and Europeans in Algeria completely equal in the eyes of the law.

Despite the break with De Gaulle's policies, the committee still said it supported him personally.

In Paris, it was reported that De Gaulle favors cutting the French parliament in two, with a weakened National Assembly for continental France alone and a more powerful Senate for all of the French union.

De Gaulle won the power last week to draft a virtually new constitution for France and submit it

U.S. Taxmen Seize Gamblers' Property

CINCINNATI — The Internal Revenue Service disclosed today it has seized Cincinnati real estate owned by three men long prominent in northern Kentucky gambling circles. The property was seized to cover \$300,264 in federal taxes owed by the men.

The three are Benjamin (Big Porky) Lassoff; his brother, Robert (Little Porky) Lassoff, and Myron Deckerbaum.

The property seized included residences and some near downtown business lots. The three are charged with failure to obtain federal gambling stamps and failure to pay the 10 per cent wagering tax for 1956.

Heavy Rainfall Hikes Rivers But Is Welcomed on Farms

By THE ASSOCIATED PRESS
Heavy rains over last weekend and continuing during the last 24 hours have caused some flood damage but have been mighty welcome to Ohio's farmers.

The Weather Bureau here reported the Scioto River rising because of the rains with some minor flooding of farmlands expected. At LaRue in Marion County the river is expected to crest at 12 or 13 feet. Flood stage is 11 feet.

At Circleville the river is expected to crest at 15 feet, a foot above flood stage.

In the 24 hours before 7 a.m. Tuesday, the heaviest rainfall was recorded at Delaware Dam in Delaware County at 2.95 inches. Other spots of heavy rainfall were: Kenton, 2.3; Marion 2.49; Prospect 2.4; Dayton 2.25 and Newark, 2.26. Springfield recorded 4.26 inches of rain in a 49-hour period which ended at 10 a.m. Sunday.

Youngstown recorded .7 inches of rainfall in the 24-hour period, Akron .58, Cleveland .3 and Toledo .44.

The heavy rains which struck in the Sidney area caused Lake Loraine, 11 miles northwest of Sidney, to overflow its banks, and inconvenienced residents of Versailles in Darke County 20 miles west of Sidney.

The Ohio Department of Natural Resources said 7.75 inches of rain fell in the Loraine area of Shelby County since Sunday night, the heaviest rainfall since 1913.

Water to the depth of 29 inches was going over the lake's spillway. There was no emergency conditions at the lake, but further rains might cause some evacuations, it was reported. Water is nearing the office of the state Division of Parks at the lake, and has covered islands in the lake.

At Versailles, Swamp Creek overflowed its banks and blocked roads entering the two this morning. Many basements were flooded and considerable water damage was anticipated.

2 Other Lunar Probes Booked

No Instruments Slated On First Missiles

MILWAUKEE — Lt. Gen. S. E. Anderson, director of Air Research and Development Command, said today that the Air Force will "shoot for the moon" in August.

Anderson said that the Air Force would fire three "lunar probes" this year. The others are scheduled for September and October, he added.

He declined to disclose the size or weight of the payload the Air Force hopes to deliver. It will not be instrumented and will be intended simply to crash on the moon, he said, giving "some indication" of its arrival.

Three stage rockets whose main power plants at takeoff will be modified Thor missiles will propel the projectiles over a 278,000-mile course to the moon in two and one-half days, Anderson said.

THE VEHICLES will be modifications of military missiles, the general added.

The Thor is a 1,500-mile range weapon. At least 13 have been test fired and of these at least five have been successful.

Anderson said that even if the rockets miss the moon, they will become "real interesting scientific satellites" because their elliptical orbits will carry them far out into space and possibly around the moon and earth in a sort of figure eight.

Anderson said the first attempt to fire an Atlas over its full designed range of 6,000 miles also would be made in August.

"We have fired the last" of the overweight, heavily instrumented series intended for engine tests of the Atlas, he said.

An Atlas missile, or a Thor with appropriate later stages, would be capable of hoisting in to orbit a 3,000-pound artificial satellite like the Soviet Sputnik III, Anderson said.

Given sufficient funds, the United States could be second to nobody in space, he declared, adding: "We are doing about 40 per cent of what we think we should be doing."

Anderson was in Milwaukee to confer with technicians at the AC spark plug division of General Motors where the gyroscopic guidance system for the military version of the Thor is built.

Hopper Horde Taking Wheat In Colorado

DENVER — Eastern Colorado's \$110 million bumper wheat crop faces ruin by the state's worst grasshopper invasion in 10 years.

Nearly nine million acres of rangeland and cropland in 16 counties are already infested. The blight extends into western Kansas, Nebraska, Oklahoma, Wyoming and Montana.

The crisis is nearing rapidly in Colorado's eastern plains where hoppers already have gorged 10 per cent of the land's wheat.

"A horde of full-grown hoppers could clear an acre of wheat in 36 minutes," State Agriculture Commissioner Paul W. Swisher said today. "The insects have been working on some of the fields for a week. When you figure seven hoppers per square yard it becomes a critical problem."

Officials of the states affected are pressing for swift action, both by the federal government and landowners.

Experts say the hoppers must be exterminated by mid-June to save the crop.

On the lighter side, the hopper horde in eastern Colorado has grounded jumping frogs.

Jim Read, Cheyenne County agent, said the frogs have eaten so many of the insects that they can scarcely waddle.

Fully-Armed Speeder Only 'Playing Cowboy'

MARIETTA, Okla. — Highway patrolmen arrested a speeder and rode the motorist Martin J. Gutierrez, 21, of Caracas, Venezuela, a student at the University of Tulsa, armed with a filled gun belt, a loaded .38 caliber pistol and a 30-30 rifle.

Gutierrez smilingly explained: "I was playing cowboy."

Plastics Men Optimistic on Their Future

By SAM DAWSON
NEW YORK (AP) — The plastics industry, busily raiding markets once served by metals and other materials, thinks some new plastics and new uses will assure it another year of rising sales.

The Society of the Plastics Industry reports that 1958 sales so far are either keeping pace with 1957 or exceeding last year's figures by as much as 40 per cent in some companies.

Another segment of the industry, plastic pipe, which has seen sales boom from a 1/2 million pounds in 1954 to 58 million pounds in 1957, predicts it will sell 60 million pounds this year for around 50 million dollars.

SPI credits much of the gain in plastic sales to the last two years of research and production progress which are now bearing fruit. The society will put much of this fruit on display in November at an exposition in Chicago.

But part of the gain in use of plastics has been sparked outside the industry of late by manufacturers seeking ways during the recession to cut costs, both of materials and of production processes, and to bolster retail sales by redesigning old products or introducing new ones.

Hamilton Swindler Faces U.S. Court

CINCINNATI (AP) — Federal agents say that a Hamilton man, accused of swindling a delicatessen operator out of \$7,000, will be turned over to the U.S. District Court at London, Ky.

FBI agents said Milton L. Phillips, 43, will be charged with interstate transportation of stolen property. Another man, identified as John Vickers of Dayton, still is being sought.

The FBI agents accused Phillips and Vickers of working the "green money" racket to swindle Paul Ortolfo Jr. of Hamilton.

They said Phillips took Ortolfo to Corbin, Ky., last Nov. 21 under the pretense that \$7,000 could be reproduced by a chemical process.

facturers say about new demand for both new and old products:

Capac Industries, Capac, Mich.: "Increased demand from the automotive industry for molded housings for heaters and duct couplings, and heavy demand for plastic packaging and special heavy wall plastic products."

General Industries, Elyria, Ohio: "We are molding plastic parts for a greater number of different industries and in fields we never thought would be the substantial users of plastics they are."

Erie Resistor, Erie, Pa.: "New processes for metallizing plastic are winning important acceptance in appliance and automotive fields."

The Newark Die Co., Newark, N.J.: "We have a larger amount of government work for the missile program this year and a considerable pickup in civilian merchandise inquiries."

A. L. Hyde Co., Grenloch, N.J.: "New designs capable of molding highly complex parts at lower cost is increasing dollar volume."

Trustees, Clerks Meet This Week

Several township trustees are expected to go from here to Toledo for the 31st summer convention of the Ohio Assn. of Township Trustees and Clerks Thursday, Friday and Saturday.

Herbert Clickner, president of the Fayette County association said reservations for the convention are made direct with the association headquarters but that he has heard several of the trustees and clerks here say they hoped to attend at least some of the sessions.

Three major questions are on the agenda for discussion, Clickner said: (1) finances (2) a constitutional amendment proposal which would permit metropolitan federations under charter government to take over all municipal township and county functions and assume their property, funds and all obligations and (3) latest developments in township zoning and fire protection.

Along with the business sessions will be entertainment Wednesday evening, trips through some of the

Governor Starts Big Freeway Job

CINCINNATI (AP) — Gov. C. William O'Neill, shielded from a pelting rain by umbrellas, Monday set off a charge of dynamite that broke ground for the start of construction of the southern end of the \$60,000,000 Cincinnati - Dayton Freeway.

The ceremonies were held 15 miles north of here, just over the line in Butler County.

The 34-mile stretch of freeway will have a minimum of six lanes and eventually may have ten.

The rain came just after Gov. O'Neill had finished his speech in which he declared Ohio is "the No. 1 state in the nation in interstate highway construction."

"No one will remember what we say here," he said, "but millions of Americans will appreciate what we are doing."

city's industrial plants, a boat ride Friday afternoon and the banquet Thursday night.

WHAT YOU WANT - - IS IN WASHINGTON C. H.

World Powers Closely Watching France

The United States and many other nations of the world are still watching and wishfully hoping that General de Gaulle will bring France back to orderly government out of the chaotic state into which that nation seemed to have drifted within the past several weeks.

There are a lot of differences of opinion as to the nature and direction of de Gaulle's leadership. However he has started well in alleviating the threatening disturbance into which France had plunged and which appeared aimed toward civil war which might have proved a situation made to order for final seizure of that liberty-loving country for Communists who represent a formidable factor in the whole mixup.

The Parliamentary struggles which went on to bring about an acceptance of de Gaulle as national leader seemed almost pathetic but did definitely show a need for a change in the lack of that nation's Parliament to arrive at a solution of its many-party troubles.

If he solves the Algerian situation and brings peace out of a threatened army rebellion, also indicates a desire to continue a French foreign policy in the framework of the NATO alliance, he will have moved far toward allaying the worried other free powers of the world.

Premier de Gaulle's personal record stands out as the most reassuring feature in a tortured picture. One may recall that in the past dictators have more than once used legal means to come to power. Some of them, Napoleon, Hitler, Mussolini, had acted like dictators in their bids for power. They showed a strong tendency to self-glorification and personal rule and to perpetuation of their power.

In de Gaulle's case a certain styling of himself as able to rally France by the de Gaulle name may suggest danger. His is a stubborn, dominating personality. But his actions over the years have identified him with freedom and republicanism for France.

They have shown him ready to step down from power when the objective of constitutional reforms for which he has always stood proved unacceptable to the representatives of the French people.

Premier de Gaulle's first statements and actions have, like his record, been reassuring. He has promised to bring the military leaders back under the law, and to support and defend civil liberties. And one of his first acts has been to remove the press censorship.

It is to be hoped that he will make a real contribution to French liberty and solidity for the future.

More Sleep Than Food Needed

NEW YORK (P)—Things a columnist might never know if he didn't open his mail:

That you could probably do without food 30 days more easily than you could go 100 hours without sleep. So why do modern people insist on shortening their lives by eating too much and sleeping too little?

That when you tell someone he's "all wet," you're more accurate than you think. Roughly two thirds of the total body weight is made up of water.

That the most unnecessary survey we've ever heard of was the one that came up with this shocking conclusion: women talk more than men! What we need now is a survey to find out whether two plus two still equals four.

That Groucho Marx says: "We owe a great deal to our government. The question is, how are we ever going to get the money to pay it?"

That if you've ever wondered about "snail's speed," the answer is: the snail's speed has been scientifically clocked at 0.00353005 m.p.h.

That the population of New

York City in 1729 was only 8,000, or about a fourth of the number who now live in Rockefeller Center alone.

That hospitable Ireland has the greatest number of hospital beds, percentagewise, of any country: one for every 67 persons.

That the male stiff collar is said to have been indirectly originated by the first Queen Bess of England. A homely dame, she hid her scrawny neck in a high stiffly starched ruff. Her courtiers, including Sir Walter Raleigh, gallantly followed suit, thus starting the fashion of starched collars for men.

That if you're lazy and want to worm your way out of digging in the back yard for your fish bait, try this: turn to your pantry. Fish will nibble at a hook baited with macaroni, noodles, spaghetti, cheese or even sweet corn.

That mother elephants very rarely give birth to twins and by and large, you can't really blame them.

That if a girl tells you "I eat like a bird," don't take her out

for dinner until you find out if the bird she has in mind is a baby crow. This little bird can eat its own weight in food in a single day.

That, in opening a fashionable ladies' clothing shop, one human factor you can't overlook is this: women seldom like to walk on the sunny side of a street. As a matter of fact, isn't it true that after marriage few women like to walk at all?

That singer Johnny Desmond tells of the friendly prison warden, real palsy-walsy. He called all the inmates by their first names.

That three express trains in Germany now have telephones that enable passengers to ring their homes or offices anywhere in Europe. Ocean liners have this service, too. Why don't commercial airplanes have phones you can use in flight?

That in discussing the need for self-discipline, President Franklin D. Roosevelt liked to tell of a humble old Chinese Christian whose favorite prayer was, "Lord, reform Thy world, beginning with me."

American-Canadian Troubles

Canada experienced a record population growth during the 1950's, resulting since 1955 in larger imports than usual, most of which came from the United States.

Although imports exceeded exports, the Canadian dollar rose to the highest premium in recent history, according to William McChesney Martin Jr., testifying before the Byrd Committee of the Senate.

"...A sustained inflow of capital from abroad mostly long-term in character, has been more than sufficient to offset the trade deficit; under the Canadian policy of letting the exchange rate fluctuate freely, in response to demand and supply on the exchange market, this inflow has boosted the value of the Canadian dollar in the foreign-exchange market."

In a word the rise of the Canadian dollar was due to the large influx of American and other capital for investment in Canadian companies; the sale of Canadian securities in the New York market, including fraudulent Canadian mining securities.

To show the dimensions of these investments, principally American, between October 1955 and March 1957, net direct investments amounted to 639 million Canadian dollars; net new security issues amounted to Canadian \$701 millions; trade in outstanding securities amounted to \$300 millions, other capital flows amounted to 390 millions. Also, Canada increased its official holdings of gold and U.S. dollars by 16 million Canadian dollars.

A very large part of this movement of capital into Canada which resembles the movement of European money into the United States subsequent to the Civil War, came from the United States.

Martin also reported on taxes: "...After the Korean boom, there were significant tax reduc-

tions for fiscal years 1953-54 and 1955-56. The tax reductions for 1953-54 consisted mainly in eliminating a surcharge on individual income taxes and a reduction in the corporate profits tax. Similar but smaller reduction characterized the rate changes for 1955-56, introduced when the extent and timing of the economic recovery was still unknown. For 1957-58, there were smaller cuts in indirect taxes, reducing aggregate tax revenues by about 1 per cent and still leaving an increased budget surplus."

The tax advantage for American firms operating out of Canada seems to be sufficient to be attractive to many of them. The Canadian government also appears more interested in developing the capital structure of a pioneering economy and makes favorable terms to business groups.

As the cartel system is recognized, openly or conditionally, in Canada, business has certain advantages which are withheld from Americans in the United States who are troubled by anti-trust suits and the like.

The result is that while there has been a rapid flow of American capital into Canada, there has been a reverse operation which involves Canadian companies, sometimes American-owned, taking over American companies, manipulating the New York stock market from a Canadian base.

Thus far, the SEC has done little to police these operations, some of which are clearly in violation of the law in the United States where the stocks are sold.

One of the major difficulties in this situation is that the State Department correctly wishes to minimize difficulties between the United States and Canada.

On the other hand, there can be no advantage in any misunderstanding of facts or any misunderstanding of the situation.

As long as SEC cannot adequately police alien stocks sold in huge quantities in the United States, with the cooperation of the foreign government concerned, it must be assumed that the reason for the rejection of co-operation is not honest.

It would make better sense if both countries recognized that they are geographically so situated that they are bound economically to have the closest ties and the Canadian government ought to cooperate with all agencies of the federal and state governments to prevent phoney Canadian stocks from being sold on the American market by provid-

By George Sokolsky

ing American agencies with whatever information they may need to safeguard American investors. Many of the stock swindlers out of Canada are Americans who have... themselves up there for safety.

The Canadian complaint that too much American control of Canadian industries exists is nonsense, because it is only natural that those who put up the money will want to have something to say.

Too much agitation along that line might lead to a counter-analysis of the operations of Canadians in the United States. Both are unrealistic.

Realism requires an honest shake all around.

You're Telling Me

By WILLIAM RITT

After dropping four games in a row, the New York Yankees showed remarkable restraint. They didn't demand that President Will Harridge break up the rest of the American league.

They've put the Braves' old Boston ball park in mothballs, where it belongs. The stuff is being used to discourage pigeons nesting in the grandstand.

A survey shows there are four million more pet cats than there are dogs in the United States. Yipe!

New York City has scheduled a stringent campaign, complete with fines, against jaywalking to start in mid-June. It's getting so a fellow can't even risk his own life anymore!

Annually, the wood of 300,000 trees is converted into matches — Factographs. And yet, some smokers are always fresh out of 'em!

It begins to look as though the Dodgers left Brooklyn to move into two new more-or-less permanent homes — Los Angeles and last place.

An editorial writer complains that the weather bureau dolls up its forecasts with fancy wordage. We'd say it takes sheer genius to make something like "Continued cold, with rain" sound fascinating!

Diet and Health

Some Risks Lurk In Television Set

By HERMAN N. BUNDESEN, M. D.

BECAUSE you watch motion pictures in darkened theaters it's natural, I suppose, for you to think that television also should be done in a darkened room.

But watching movies in a theater and watching TV at home are not the same at all. In fact, the problems encountered in viewing television are exactly the opposite of those found in a movie house.

Brightness Different

The motion picture screen, you see, is only about one-tenth as bright as a television screen. Therefore, the movie house must be dark to provide enough contrast to make the picture on the screen perfectly clear.

When television is viewed in the dark, the contrast between the bright screen and the surrounding room is too great. Your eyes become fatigued from attempting to adapt to the different levels of brightness.

Illuminate Area

While the dark areas tend to make the pupils of the eyes open to let more light in, the brightness of the screen tends to close the pupils. Thus, you must illuminate the area around the TV set.

Since, in most homes, the living room also serves as the television room, it's obvious that living room lighting must be flexible.

Adequate lighting is needed for the various activities carried on in this room, such as reading, sewing, televisioning

(© 1958, King Features Syndicate, Inc.)

and even for conversation.

The American Optometric Association has made a thorough study of the situation and recommends that the average living room contain several lamps with three-way switches rather than just a few lights of great brightness.

Comparison With Sewing

The need for varying degrees of light is illustrated by the fact that sewing on a dark background requires twice as much illumination as sewing on a light background.

Some lamps should be placed near chairs to provide light for close work, and others should be placed where they will best relieve the excessive contrast between the TV screen and the surrounding area.

Simple Rule

The AOA says a simple rule for living room lighting is to have one lamp for every 50 square feet of floor space. It's best to bathe the room in a relatively even light.

While watching TV you should be surrounded with light about half the brightness needed for reading. No area within your sight should be brighter than the TV screen.

QUESTION AND ANSWER

G. C.: Will excessive sweating due to heat that enlarges the pores cause skin damage of a permanent nature?

Answer: There is no proof that permanent skin damage will result from such a cause.

Ohio University Shuffles Aides

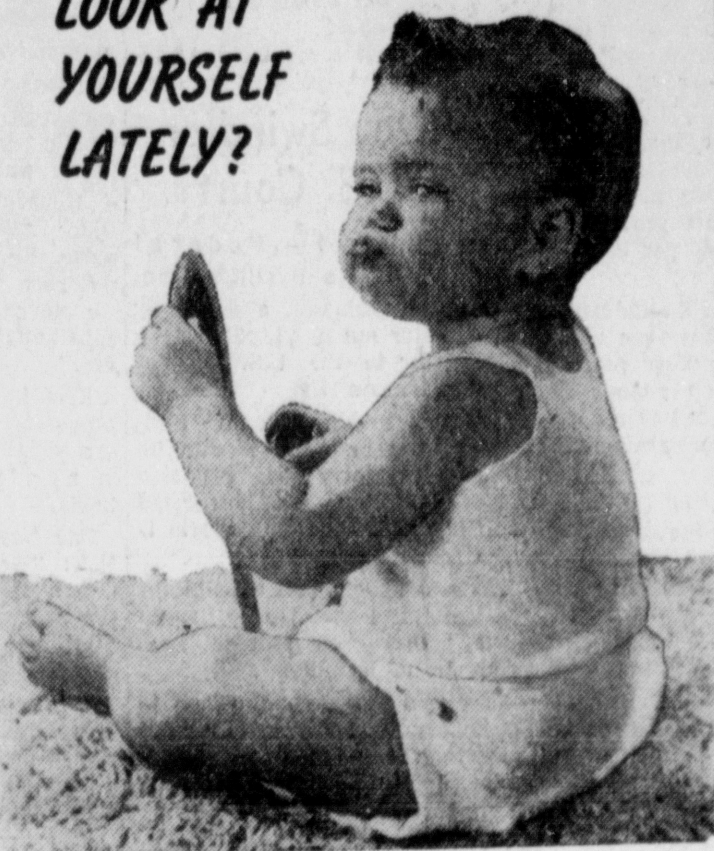

ATHENS (P)—Three administrative changes have been announced at Ohio University here.

Richard L. Bitters, 31, director of press relations for five years, becomes associate director of the Ohio University Fund, Inc., and assistant to the president.

Davis N. Keller, 32, editor of the Alumni Magazine for four years, is the new press relations director. He will continue to edit the magazine.

John F. Milar, 29, recently named assistant treasurer, will be treasurer of the University Fund.

C. of C. Annual Meeting

(Continued from Page One)

Committee - Completion of Master Plan of Washington C. H. and presentation of annual meeting - May 29, 1956.

2. Sponsored Business - Industry - Education Days to give Fayette County seniors an opportunity to see the Free Enterprise System in action.

3. Headquarters for Tri-County Industrial Safety Campaign for Fayette, Greene and Clinton counties. Held first Safety Awards Banquet in Washington C. H. - Oct. 29, 1957.

4. The Chamber was instrumental in sponsoring a drive to get the Pennington Bakery Corp. to rebuild and remain in the community.

5. Sponsored Teacher - Get Acquainted Day - an opportunity for our new teachers to take a tour of local industries.

6. Active Industrial Development Committee - actively working to attempt to bring new industries into the community. Laid ground-work for Industrial Development Corp.

7. Set up and conducts weigh-master program for two elevators in Washington C. H.

8. The Chamber of Commerce conducts the business of the Community Activity Fund of the Community Chest. This consists of the Christmas program - arrival of Santa Claus; treats for the youngsters; street decorations; the tree on the Courthouse lawn; and the nativity scene. The Chamber also acts as a clearing house for Christmas baskets for needy families in the community.

9. Conducted Retail Sales Clinic and Store Modernization Clinic and assisted in numerous retail promotions.

10. Has active Legislative Committee and a delegation attended Congressional Issues Clinic in Cincinnati - Feb. 14, 1957.

11. Printed 5,000 new brochures promoting Washington C. H.

12. Participated in solicitations control and central registry plan.

13. Published industrial brochures.

14. Erected new Chamber of Commerce billboard on CCC Highway.

15. Active Fayette County Highway Committee. Supported and is active in Route 35 Assn. In contact with Division 6 engineer concerning various highway problems in the community.

16. Active Conventions and Tourists Committee. Presently making plans for colored post cards of points of interest in community.

17. Farm-City Good Will Round-Up held Aug. 22, 1957.

18. Various newspaper articles on unethical promotions.

19. Supporting Right - to - Work Amendment to State Constitution to be decided by voters.

20. Assisted in setting up Economics Education Course for city teachers.

21. Assisted with retail trade questionnaire.

22. Supported present annexation of territory around Washington C. H.

23. During past 10 months the Chamber staff has mailed out 2,781 letters and answered 2,425 phone calls. Calls out of the Chamber office during this time were 2,625. A total of 111 persons used the Chamber directories of various cities in Ohio and 144 used the telephone directories in the Chamber office.

AFTER MORROW had completed his report, Past President Tom Mark presented him with a plaque from the Chamber membership, citing Morrow for "special merit, aggressive leadership and faithful service."

Also appearing on the program was William Stoughton, Chamber manager, who announced the names of the new directors and praised the unselfish efforts of board members generally.

Richard Rankin acted as toastmaster, and the invocation was given by the Rev. Charles Ware, pastor of the Church of Christ in Christian Union, Gregg St.

Among the guests were M. C. Patton, Middletown, Armco vice president; William McHenry, manager of the Wilmington Chamber of Commerce; County Commissioners Clifford Hughes, Robert Cockerill and Ralph Minton and City Manager James F. Parkinson. Also introduced was Jack Daves, chairman of the Chamber's Retail Merchants Committee.

Mrs. Marion Gage presented dinner music on the portable organ, and members of the Business and Professional Women's Club were thanked for the floral table decorations.

States Study Idle Pay Fund

Only 2 Set So Far To Use Federal Plan

WASHINGTON (AP)—One state has signed up and another has set a date to start payments under the new federal government plan for extending the period of jobless benefits.

Others are considering action but still others indicated they need—or want—no part of the federal advances they could get now subject to later repayment. Some say no extension is needed. Some are barred by constitutional or other provisions.

Pennsylvania signed up for the program Friday, the first state to do so. New York already has set a June 23 date for the start of the extra payments, under a standby law passed by its Legislature even before Congress completed action.

Rhode Island votes in a referendum Tuesday. Other action has been or probably soon will be taken in Michigan, Massachusetts, Maryland, Minnesota and Indiana.

States have the right to accept or reject the federal advances. These are designed to permit each state to extend by 50 per cent the period in which it pays jobless benefits to workers who have used up their rights. In more than half the states, this would mean another 13 weeks of payments.

Connecticut already has extended its payment period without federal help, and Ohio and Illinois may follow this course. Michigan is another possibility, depending on what its Legislature decides.

In many states special sessions of the legislature will be needed to make the new program effective. But at least two governors say they have no intention of calling special sessions.

Gov. J. Lindsay Almond Jr. of Virginia and Gov. Leroy Collins of Florida say economic conditions in their states are improving and no such help is needed.

Other reports of lessened unemployment came from North Carolina, Utah, New Hampshire and Missouri. Kansas reported a lower level of jobless than at the

3 Toledo Men Presumed Drowned

PORT CLINTON, Ohio (AP)—Three Toledo men, whose capsized boat was found about six miles out in Lake Erie west of here, were listed as possible drowning victims today.

The men—Paul Stubblefield, 40, father of 10 children; Walter Griffin, 50, and his stepson Kenneth Corks, 21—have been missing since they left San Beach in a 14-foot outboard on a fishing trip Sunday afternoon.

Their capsized craft was found by two boats from the Port Clinton Fish Co. Monday night after Coast Guardsmen from Marblehead, Toledo and Sandusky had searched most of the day for some sign of the men.

same time last year. Nebraska, Oklahoma and Kentucky have constitutional restrictions on borrowing.

Arizona produces approximately one-half of the U. S. production of copper, says the Arizona Department of Mineral Resources.

Efforts Fail To Jam Guided Missile Mace

HOLLOMAN, N. M. (AP)—Repeated attempts to "jam" the Air Force's guided missile Mace have failed.

The Air Force said the Mace, using a new guidance system called Atran, was tested in a series of 650-mile flights from Holloman to Wendover Air Force Base, Utah.

The Mace is a jet-powered 650-mile-an-hour tactical missile capable of carrying a nuclear warhead. The Atran guidance system does away with the need for ground control.

Carolinians Voting

COLUMBIA, S. C. (AP)—South Carolina Democrats vote in primaries today for a gubernatorial candidate and for six nominees to the U. S. House of Representatives.

Kentuckians Pack Guns

VANCEBURG, Ky. (AP)—People are carrying guns in plain sight here, Old West style, and the police don't know what to do about it. Kentucky law forbids concealed weapons only.

22 'Guests' Listed At County Hoosgow During Past Month

Twenty-two entries were made in the Fayette County jail register during the month of May.

Three persons were committed on charges of drunken driving. Two were jailed for each of the following offenses: non support, breaking and entering, no opera-

The Record-Herald Tuesday, June 10, 1958 5
Washington C. H. Ohio

tor's license and assault and battery.

One man, Sheriff Orland Hays jokingly recalls, was held too long in jail on his drunken driving charge.

The man is now officially listed in the jail register as having "six hours credit" coming to him, in case he might be committed again.

Among the other offenses listed

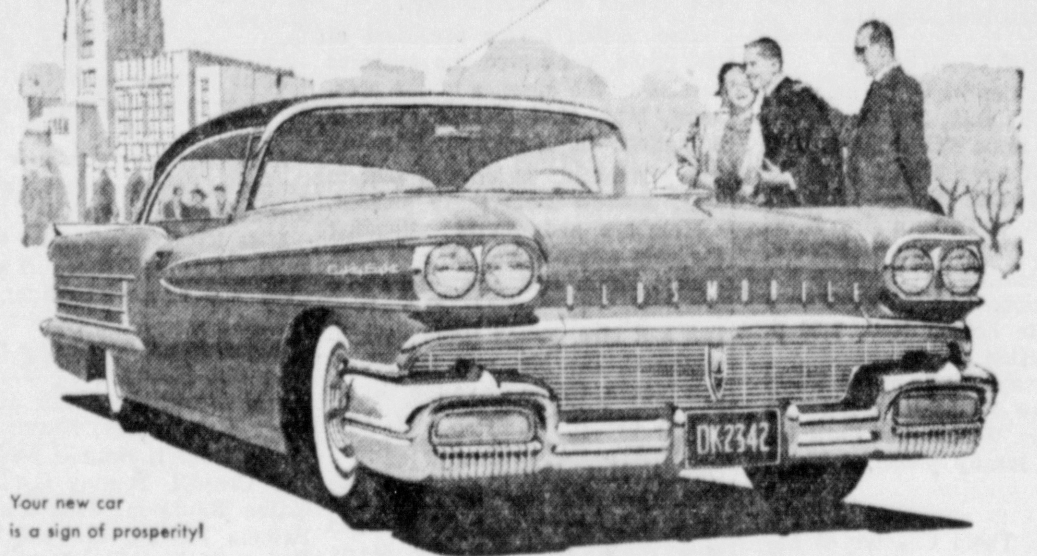

on the register are: building a fire in a boxcar; shooting with intent to wound; rape and a juvenile runaway.

One county jail prisoner during May was just a transient. A prison farm inmate, he appeared as a witness in a Common Pleas Court case and spent the night at the county bastille.

Obscene Film To Bring Term

CLEVELAND (AP)—Mrs. Gertrude Gevaras, operator of Jean's Fun House, was convicted Monday by a Common Pleas Court jury of possessing and exhibiting obscene movie films.

Mrs. Gevaras faces a prison term of from 17 years and a fine of \$200 to \$2,000 on each of two counts on which she was convicted. Judge John J. Mahon withheld sentencing pending motion for a new trial.

Seven of the 14 films confiscated from the fun house were introduced and shown to the jury. They showed women disrobing.

St. Louis Man Sought in Ohio

CINCINNATI (AP)—Police today intensified their search for a missing St. Louis man after finding his auto abandoned on a private lot.

Joseph C. Berry, 35, disappeared May 31 while here on a visit to his son Clifford.

Police said he left his son's home on that date to go to a nearby cafe and never returned.

Police identified the auto as Berry's Monday through a check of the license plate. Laboratory tests were to be made of stains found on the upholstery to determine if they might be human blood.

Texas Idle List Dips

AUSTIN, Tex. (AP)—A total of 8,965 Texans received unemployment pay the week ended June 5 compared to 81,913 for the previous week and 35,564 for the same period last year. However, those claiming jobless compensation for the first time totaled 6,679 compared to 6,195 the previous week.

June Social Enjoyed by Past Matrons

A June social was enjoyed by members of the Past Matrons Circle of Jefferson chapter, Order of Eastern Star, and their families in the social rooms of the Masonic Temple at Jeffersonville Sunday night.

Mrs. Charles Seibert, Mrs. Justin Owens and Mrs. Wayne Dowler were the hostess committee.

For the serving of a carry-in supper, members and guests were seated at tables attractively decorated with a centerpiece made by Mrs. Paul Knisley and roses from the garden of Mrs. Seibert.

Mrs. Knisley, vice president of the circle, conducted the business session in the absence of the president, Mrs. Max Morrow, who is a patient in Memorial Hospital.

A round-robin letter was sent to Mrs. Morrow from those present. Members and guests attending the gala affair were Mr. and Mrs. Forest Ervin and Mrs. Pearl Wiseman, Springfield; Mrs. Ivah Dill and Mrs. Frank Haines Washington C. H.; Mr. and Mrs. Vernon Mason, Grove City; the Misses Louise and Helen Fuitts, Mrs. Leora Booco, Mr. and Mrs. Justin Owens, Mrs. Harold Zimmerman, Mrs. Gertrude Spengler, Mr. and Mrs. Charles Seibert, Mr. and Mrs. W. W. Williams, Mrs. Marie Runyan, Mr. and Mrs. Carroll Ritenour, Mrs. Reuben French, Mrs. Bertha French, Mr. and Mrs. Warner Straley, Mr. and Mrs. Fred Conner, Mr. and Mrs. Paul Knisley, Mr. and Mrs. Robert Owens and family, and Mrs. Wynne Dowler, all of Jeffersonville.

Church Society Elects New Vice President

Mrs. Herbert Garringer was named the new vice president of the Women's Missionary Society of Sugar Creek Baptist Church at the organization's regular meeting in the home of Mrs. Harry Schlichter.

Miss Golda Baughn, new president of the society, conducted the business session, during which Mrs. Harry Campbell was appointed the news reporter.

Mrs. Kathryn Fuitts, devotional leader, used as her theme "A Cup of Cold Water." A vocal solo was presented by Mrs. Jack Kellough. Mrs. Nellie Hynes, chairman of foreign missionaries, read a letter from a missionary in Japan.

The program on American Baptists conventions entitled "Ever Flowing Streams" was conducted by Mrs. Edwin Howard.

Participating in the program were Mrs. Garringer, Mrs. Donald Breckfield and Mrs. Campbell.

Miss Blanche McCord read a biographical sketch of Miss Ruth Mathers, a missionary in China and Burma.

Refreshments were served by Mrs. Schlichter.

Cruise on Great Lakes Enjoyed by Johnsons

Mr. and Mrs. Loren B. Johnson of the Miami Trace Rd. and Mr. and Mrs. Tom Cope of Greenfield have returned from a cruise on the Great Lakes.

For the cruise they boarded the S. S. South American at Detroit. While on the cruise they visited on Mackinac Island and Charlevoix.

After returning to Detroit they toured parts of Canada.

In Saginaw, Mich., they were guests of Mr. and Mrs. Earl Householder, former residents of Washington C. H.

The cruise on the Great Lakes was sponsored by the Grange Mutual Casualty Insurance Co. of which Mr. Johnson and Mr. Cope are agents.

Social Happenings

5 The Record-Herald Tuesday, June 10, 1958
Washington C. H. Ohio

Piano Students Present Recital

"Music is one of the noblest of all the arts," Mrs. Robert E. Willis said when she presented her piano students, ages under the seventh school grade, in a formal recital Friday night in the First Baptist Church, East and North Sts.

It was a delightfully youthful program.

Ensemble numbers were the special feature, with two, three and four pupils performing at one piano.

Also featured was a choral group of eight voices, alto and soprano parts.

Miss Karen Ware read the program and the Misses Hannah Case and Katherine Sagar were ushers.

Those appearing on the program were Bob McCoy, Mary Jane King, David Browning, Susan Willis, Mary Kay Sollars, Shawn Mason, Penny Pensyl, Jimmie Wade, Beverly Connell, Tommy Coffman, Karen Kaufman, Jonathan Sauer, Pamela Payton, Richard Wade, Jenny Junk, Billy Baer, Gary Ware, Nelly Maude Case, Linda Whiteside, Gary Browning, Sharon McCoy, Martha Rhoad and George Coffman.

The last number on the program was presented by Miss Alice Craig who played "German Dance Number Three" by Beethoven.

Assisting with the program were members of the Sunday afternoon musicale group.

WSCS to Serve Sale Dinners

The Staunton Women's Society for Christian Service will be in charge of the sale dinners held each Wednesday in July at the Union Stockyards. This announcement was made at the organization's June meeting in the home of Mrs. Harry Hayslip.

Mrs. Harold Wilson, president, conducted the business session. The secretary's and treasurer's reports were given by Mrs. Bill Haines and Mrs. Oscar Wilson.

Mrs. Clarence Dewees, devotional leader, read the Scripture and an article. Hymns were sung by the group and Mrs. Dewees closed by reading a prayer from the "Upper Room."

"Ever Widening Circles in Missions" was the title of the playlet presented during the program. Participating in the program were Mrs. Robert Haines, Mrs. Carl Self and Mrs. Harold Wilson.

Poems were also read by other members of the society.

Mrs. Hayslip, assisted by Mrs. Ora Hidy and Miss Ethel Hidy, served refreshments to the 11 members present and the guests, Mrs. Ned Bauman and daughter, Michael and Roxie Clay and Rhonda Wilson.

DAR to Install Officers Saturday

Mrs. Frank Mayo will extend the hospitalities of her home on the Columbus Rd. to members and guests of the Washington C. H. chapter, Daughters of the American Revolution for their Flag Day meeting Saturday.

A special program will begin at 4 p. m. Officers will be installed. This will be followed by a sunset supper.

Mrs. Mayo will be assisted by Mrs. J. Earl Gidding, Miss Opal Davids, Mrs. John Noble, Miss Helen Hutson, Miss Kathleen Davis, Mrs. William Van den Berg, Miss Bertha Townsley, Mrs. Howard Stewart, Mrs. Wilbur Hoppes, Mrs. Willard Bitzer, Miss Grace McHenry, Miss Etta McHenry, Miss Bernice O'Brian, Miss Clara Mark and Miss Louise Mark.

Members are requested to bring their own table service along with their special dish.

Mrs. Willard C. Creamer, transportation chairman, will arrange for those who wish a ride to Mrs. Mayo's home.

Mr Pitzer Observes Birthday Sunday

Mr. Ed Pitzer was the guest of honor Sunday when several relatives and friends gathered at his home near Jeffersonville to help celebrate his birthday.

A bountiful basket dinner at noon was enjoyed by Mr. and Mrs. Cy Duan, Mr. and Mrs. Robert Minshall and children, Ronette and Bobby; Mrs. Mary Ellen Ater and daughter, Kathy Lynn, all of New Holland; Mrs. Nelson Hurler and children, Carolyn, Gene, Harold and Pat; Mr. and Mrs. Richard Stout and daughter, Kathy Ann; Miss Sue Stephenson, all of Washington C. H.; Mr. and Mrs. Junior Thacker and children, Virginia, Donna Marie, Dick and Eddie, of Frankfort; Mr. Karl Johnson, Mr. Robert Johnson and the guest of honor's family, Mrs. Pitzer and children, Connie Sue and Douglas, all of Jeffersonville.

Terhunes Return From Georgia

Mrs. Robert Terhune and son, Daniel, en route to Gainesville, Ga., where Mrs. Terhune's daughter, Sarah, is a student at Brenau College, were guests of Mr. and Mrs. James Vansant in Atlanta.

While there Mrs. Terhune attended a tea given by Mrs. A. M. Wright.

On their return trip, Mrs. Terhune and her daughter and son were guests of Mr. and Mrs. Ray Godshall in Gaffney, S. C.

BETTY CAROL of Mam'selle introduces the youthful Buster Brown silhouette for her summer collection in a dress of crisp cotton striped in beige and white. The sleeveless waist-skipping top falls straight to a low-placed hip-band and then spreads into a full gathered skirt.

Post Councillors Club Enjoys Tour Monday

Forty members and guests of the Post Councillors Club of Home Demonstration clubs of Fayette County toured by bus to Roseville Monday.

While there they visited the Treewood Pottery where a guide took the group through the pottery shop and also gave some very interesting remarks.

The group lunched in a restaurant near Zanesville and in the afternoon they visited the Mosaic Tile Company in Zanesville. While there they also toured two pottery shops.

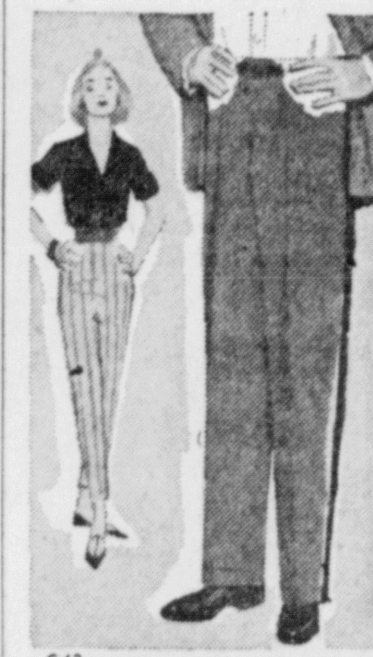

En route home they had dinner in a restaurant in Lancaster.

The committee in charge of the tour consisted of Mrs. Reba Straley, Mrs. Floyd Henkleman and Mrs. David Whiteside.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little PASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, sooty, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get PASTEETH today at any drug counter.

Mr. and Mrs. Lester Walker and family, 537 Albin Ave. had as Sunday guests Mr. and Mrs. James Wyatt and son, James Jr., Mr. Dale Coil, all of Washington C. H.; Dr. and Mrs. Edgar Walker, Maxton, N. C.; Mr. and Mrs. Arden Mercer and sons, Andy and Philip, Massillon; Mrs. Adna Lee Reese, Los Angeles, Calif.; Mrs. Grace Wright, Yosemite National Park, Calif.; Mrs. Austin Storer, Newark; and Mr. and Mrs. Harold Cluff of Columbus.

Miss Ellen McCoy is spending two weeks in Montgomery, Ala., visiting her brother and family, S-Sgt. and Mrs. James T. McCoy and daughter, Debbie, S-Sgt. McCoy is stationed at Maxwell Air Force Base.

Miss Marilyn Parrett, daughter of Mr. and Mrs. R. E. Parrett, Inskip Rd., entertained as a weekend guest, Mr. Paul Zimmerman of Poneto, Ind. Miss Parrett and Mr. Zimmerman were in Circleville Sunday attending the wedding of Miss Donnell Ferguson and Mr. Wilbert Hoffman. The bride and groom were graduated from Asbury College, Wilmore, Ky. Miss Parrett and Mr. Zimmerman are students at Asbury.

When Alexander Graham Bell, inventor of the telephone, wanted "some peace and quiet" he used to wrap a large towel around his own telephone.

Annual Picnic Held by DAR

The annual picnic of the Martha Washington Committee, Daughters of the American Revolution, was held in the home of Mrs. Willard Bitzer Monday night.

This marked the organization's last meeting until September.

Following the dinner, Mrs. Ronald Cornwell, president-elect, led in a discussion of ideas for the program for the coming year.

Mrs. Robert Green is the outgoing president.

Informal visiting closed the evening's activities.

Mrs. Bitzer was assisted by Mrs. Deane Powell, Mrs. Kenneth Kirk, Mrs. Thomas Hancock and Mrs. Herbert Hoppes.

County's Road, Bridge Projects Make Progress

New Span Built; Danville Rd. Job Completed Monday

County highway and bridge work is progressing rapidly, according to Fayette County Engineer Charles Wagner.

"Weather conditions have been good," Wagner said as he listed bridge work completed and in progress.

A new bridge has been constructed and completed on Grassy Branch Rd., two reinforced concrete slab bridges have been built on Creek Rd. in Union Township, the floors of bridges on Barrett Rd. and West Fork Rd. (Jasper Township) have been reconstructed and the Elm St. bridge in Washington C. H. now has a rebuilt floor.

County workmen started a new multiple plate arch bridge on McKay Rd. in Greene Township Monday. Another similar span will be built soon on Barger Rd. The floor of the latter bridge is 40 years old, the engineer said.

ROAD WORK in the county is well under way. Chemical weed spraying and roadside mowing has been started, and several roads are being resurfaced.

More than six miles of the Danville Rd. were completed Monday morning, according to the engineer's schedule. This stretch was resurfaced with a 1 1/2-inch layer of asphaltic concrete.

Three miles of Allen Rd. have received the same resurfacing treatment, and the full length of the road will be completed this week.

Pleasant View Rd. in Jefferson Township and Edgeview Rd. in Jefferson and Jasper Townships have received applications of road mix. Similar work is now in progress on Harmony Rd. in Jasper Township.

Tuareg men, nomadic Berbers in North Africa, have a hard time with their women, reports the National Geographic Society. The women regard themselves as men's equals, marry at will and demand to speak in council.

Jessie H. Reese appointed administratrix of estate of John Willis Reese under \$1,000 bond and Frank Marshall, Thomas A. Janes and I. L. Booco named appraisers.

Hagan Graduated From Wesleyan

Danford Hagan, son of Wayne Hagan, 823 S. Fayette St., was graduated from Ohio Wesleyan University Monday.

Hagan plans to enter the Cincinnati Conservatory of Music. A voice major at Ohio Wesleyan, Hagan was a soloist for the acapella choir. He was also in the Men's Glee Club and was a member of Phi Kappa Psi social fraternity.

Seek Ball Teams, Dance Sponsors

Weather Cuts Crowd For Play Program

Additional softball teams and sponsors for the Friday night dances are needed for the community recreation program, according to Director Fred Domenico.

One men's softball team has been formed. Domenico said the teams do not have to be industrial, but can be any men's group. Girls desiring to play softball should form a team, elect a captain and contact Domenico. Tournament for men's and girls' teams are planned.

Sponsors are needed for the Friday night dances that include round and square dancing. Domenico can be contacted at 3-4381.

A goofy golf course currently is under construction and will be added to the recreation program. This game is played with a softball and a No. 12 iron, or the putter.

Domenico would like to add women's volleyball to the existing men's volleyball program on Wednesday. Archery will be started soon, and tennis instruction is available for any requesting it.

Rain held attendance down at the opening day of the city recreation yesterday, Domenico said, but about 25 turned out for basketball last night.

Business Notes

Air-Condition Project Begins At Craig Store

A major air-conditioning project got under way Monday at Craig Bros. Department Store, 131 E. Court St.

Four large Carrier units are being installed—two in the basement to air-condition the main floor and two on the second floor. Duct work will mean that the entire merchandising and office area will be cooled for the convenience of shoppers and employees.

A 35-ton water tower at the rear of the store is an integral part of the system which will introduce fresh outside air, for dehumidifying, cooling and distribution throughout the store.

Controls on each unit will permit changes in temperature in different areas of the building.

Jean's Appliance and Television Store furnished the big 1,600-pound units which attracted a crowd of Court St. "sidewalk superintendents" Monday as two of them were hoisted from sidewalk level through second-floor windows.

Subcontractors are Ernest Snyder, electrical; Associated Plumbers and the Wilson Furnace Service which is handling the duct work.

Completion of the project is scheduled about June 30.

Farm Bureau Co-op Plans New Emblem

Fayette County Farm Bureau Cooperative Assn., officials will attend a series of preview meetings to introduce a new identification emblem for the state association this week at the Youth Center on the state fairground.

Clarence Cooper, manager of the Fayette County Co-op, said the emblem will be used here. The preview Tuesday is for all county Farm Bureau Co-op managers and boards of directors. Retail employees are to attend Wednesday and Thursday.

Kenneth N. Probasco, executive vice president and general manager of the Ohio Farm Bureau Cooperative Assn., said the new emblem—to be introduced to the

The Record-Herald Tuesday, June 10, 1958 7

Ohio public during the Ohio State Fair—will be used by all Farm Bureau Co-ops in Ohio to give uniform identity to all facilities, products, trucks and equipment.

The need for a standard emblem has existed for some time, Probasco said. Work on the new emblem was started early last year by Raymond Lowey and Associates.

WASHINGTON COURT HOUSE—PHONE 2539

People . . . Places . . . and Things
Round about Fayette County

By B. E. KELLEY

Did you ever come to the dead-end of a road, halt for information after turning around in a barnlot and find some of your friends there?

That is exactly what happened a few evenings ago while we were driving on the Mallow Rd., leading west from old Egypt Church on the Egypt Rd. in Ross County.

The man who came out of the house at the dead end of the road was Ray Mallow who lives nearby and, with Mrs. Mallow, the former Miss Helen DeWees of Washington C. H., were visiting Marvin Mallow, a brother of Ray, who lives in the lovely home where we stopped.

Many years ago the Mallow road crossed North Fork of Paint Creek at a ford which is about 100 yards from the Marvin Mallow home, but the ford was discontinued a long time ago and what is left of the road winds along the east bank of North Fork and finally connects with the Woodrow Rd. This intersects White Rd. some distance below Dogtown.

During a very pleasant visit with Ray and Mrs. Mallow, we learned that several residents of the Egypt community had come to Washington C. H. for their wives.

They included Ray; Kenneth Crabb, who married Miss Ethel Bonecutter, and Frank Dinkler, who lives on the former Joshua Collins farm, known as "Collins Hill," on the Mallow Rd. He married Miss Clarice Swartz, of Washington C. H.

That reminded me that more than 100 years ago that the area in northwestern Ross County known as Egypt got its name from the fact that the community was blessed with abundant crops when a drought in this area made it necessary for local residents to drive down to the good crop area and buy corn, wheat, and provisions for their families and livestock.

For years, it seems, well known residents of Egypt have been coming in to Fayette County and getting their wives—just as our resident formerly went to "Egypt" for grain.

LONELY LITTLE RABBIT

Recently, while investigating a little cemetery dating back more than 130 years, I was examining one of the weathered markers. Police Chief Vaiden Long, who was standing outside the fence surrounding the plot, said:

"What is that at the base of the marker over there?"

I took a look at the marker to which he had pointed, and said:

"Chief, I am not a magician, but I am going to surprise you!"

I stooped down and picked up a little rabbit by his long ears, and held it, kicking before the surprised chief.

It was the only little fellow left in a nest in the ground which had been fashioned by the mother rabbit tearing out large amounts of her fur to line and cover the nest to protect her four to six babies.

The cemetery had been sprayed recently, and in all probability the one little cottontail was the only one that had survived the poisonous treatment.

Inasmuch as the mesh-fence about the cemetery was about 5½ feet high it would turn back nearly all four footed predators, the mother rabbit had chosen a very safe spot to rear her young. But of course she had not figured on the weed-killing (and animal-killing) spray.

HAS FREAK ROSE

This is certainly a great year for roses, which are increasing in numbers throughout the county due to a availability of rose shrubs, their easy care their loveliness generally, and their growing popularity.

Occasionally I hear of a freak in the rose family and such a rose, which much resembles the Dr. VanFleet, is on the premises of Mr. and Mrs. Robert Elkins, 244 Bell Ave., in the northern part of the city.

All of the roses on the bush are pinkish white except one, and it is a bright red with no show of white.

It is the second year the one red rose has appeared among the white ones, and in 1956 all of the roses were white.

I have seen this same thing happen to the old, old York and Lancaster Rose, which is variegated with most of the bloom showing both red and white. Sometimes a single white blossom will appear, or a red blossom, neither having any mixture.

This old rose, very few of which I have ever seen in this area, dates back to the famous "War of Roses" in England, and the legend is that after the years of strife, with one side using the white rose as an emblem and the other a red rose, a plant appeared with both white and red roses, and a new species had been born.

Despite Skepticism, Graham Crusade Continues in Frisco

SAN FRANCISCO (AP)—There were skeptics at the start, but Evangelist Billy Graham's option was picked up to add one week to his San Francisco crusade in the massive Cow Palace arena—plus a final mass rally in Seals Stadium.

The seven-week run in the Cow Palace ends next Sunday. With six days rest, Graham will finish his San Francisco revival effort with an afternoon open air meeting Sunday, June 22, in the ball park of the San Francisco Giants.

The dynamic North Carolina preacher's total crusade attendance, including the ball park meeting, should near 750,000.

If the first five weeks' pace continues, the decisions for Christ in the Cow Palace revival meetings should run more than 25,000. Those making the decisions step forward on Graham's invitation and receive counseling to start active membership in a community church of their choice.

In attendance the San Francisco crusade through its first four weeks reached 91.5 per cent of the 1957 Madison Square Garden revival in New York at a comparable point, the headquarters here reported.

The six meetings a week averaged 16,000 in the 16,500 seat Cow Palace. The opening meeting April 27 attracted an overflow crowd of 23,000, with more than 5,000 assembled outside the arena hearing Graham over loudspeakers.

In money contributions by major donors, however, the formally titled San Francisco Bay Cities Crusade has failed to match the Manhattan revival.

"The recession quite likely is a factor," said Harry Smith, Bank treasurer of the executive committee representing 1,200 sponsoring bay area churches and pastors.

"But more likely we were mistaken in our expectations in the preliminary budget," observed Smith, "after all, the only experience we had to go by was the New York crusade last year."

The audience offerings average \$6,000 a meeting.

Throughout the San Francisco crusade Graham has made special appearances before such groups as 7,000 students and faculty members on the University of California campus at Berkeley and before 4,000 convicts assembled in the central yard at San Quentin Prison. He prayed with 623 convicts who declared their decisions.

The Samuel Casey farm, which dates from 1740-50, is a historic place for sightseers in Saunderson, R. I. The will of its last owner stipulates that it must continue to operate as a farm, as well as being a choice haven for sightseers.

Life Was Not Always Cold for Eskimo Folks

WASHINGTON (AP)—The Smithsonian Institution reports that the Eskimos originally reached the arctic from the warmer climates of Europe and inner Asia.

Their migration began more than 10,000 years ago in the Middle Stone Age.

Thus, said the Smithsonian, the Eskimos can claim the distinction of being the first American people whose culture has been traced to a specific time and place in the Old World.

Freight Train Boss Cited for Overparking

TOLEDO (AP)—A train conductor was arrested here Monday for overparking.

Chester Clark of Toledo was conductor of a 100-car New York Central freight train which blocked the Otter Creek Road crossing in suburban Oregon for 13 minutes. The limit is five minutes.

Patrolmen said between 700 and 1,000 automobiles were tied up while the train was over the crossing.

Bosox Off On Real Tear In AL Race

**Jensen Setting Pace,
But Boston Showing
Power at Home Only**

By THE ASSOCIATED PRESS
Those Boston Red Sox are on a real tear, what with Jackie Jensen hitting home runs and a six-game winning streak and all. Trouble is, they've done it all at home.

It's when the Red Sox hit the road that they hit the skids. And they take off again a week from today.

After Monday night's 9-4 victory over Detroit, the Red Sox now are in a virtual tie for second place. They're just .003 percentage points behind Kansas City, and both are 7½ games behind the New York Yankees.

Baltimore defeated Cleveland 5-2, and a 7-1, fourth-inning lead by the Chicago White Sox was wiped out by rain at Washington in the only other games scheduled.

In the National League, Cincinnati took full charge of third with a 3-0 victory over first-place San Francisco in the only game scheduled.

The Red Sox, 18-10 (.643) in friendly Fenway Park and 9-14 (.391) on the road so far, got the job done in a six-run third inning triggered by Jensen's three-run homer. It was the big batter's fifth in seven games and 145th of the year, one behind AL leader Bob Cerv of Kansas City. He also trails Cerv's leading runs-batted-in total of 45 by one, after knocking in four Monday night while adding a double and single to the homer.

Frank Sullivan won his third against a lone defeat, giving up nine hits and blanking the Tigers on two over the last five innings. Paul Foytack (5-5) gave up seven runs on seven hits in his 2-3 innings for the Tigers, who dropped back into the league cellar.

Gus Triandos slugged his 12th homer, with two on, in the first for the Orioles, who rode on in the last 8 1-3 innings, the 25-year-old southpaw faced only 26 men, one over the minimum, and allowed only two singles after giving up the Cleveland runs on J. W. Porter's two-out double in the first. Cal McLish (2-3) was the loser for the Indians.

The White Sox collected their seven hits off Al Cicotte and Chuck Stobbs. Tito Francona hit a home run. Just four days ago nobody could get Willie out. He was 7-for-7, and 16-for-19, gaining 26 points and taking the National League batting lead at .433.

He hasn't had a hit since, going 0-for-12, losing 25 points and tumbling back to .408, almost where he was when the spurt started.

Willie didn't do the San Francisco Giants much good Monday, going 0-for-4 in a 3-0 defeat as once-beaten Bob Purkey won his eighth for Cincinnati in the only game scheduled.

The defeat, their ninth in 13 games, trimmed the Giants' first-place edge over Milwaukee to half a game and .003 percentage points while the Redlegs took full charge of third place, 3½ games back.

Purkey, a right-hander who never has had a winning season in

31 Amateurs Set To Vie In U. S. Open

TULSA, Okla. (AP)—It has been 25 years since an amateur won the U.S. Open Golf Championship and it is unlikely one will come through this year on a course that Billy Joe Patton calls "a monster."

But the 31 amateurs in the field of 162 players scheduled to start Thursday on the 6,907-yard Southern Hills Country Club course constitute a strong threat to the pros.

One qualified observer thinks three or four could bring back the days of Bobby Jones and Johnny Goodman.

The last amateur winner was Goodman in 1933, five years after Jones gave up his habit of licking the pros.

The observer is Bill Kaiser, a veteran pro from Louisville, Ky., who barely missed qualifying for the tournament.

He thinks it would be good for golf to have an amateur win or at least come as triumphing close as Ken Venturi did in the 1956 masters.

The four Kaiser mentioned as having the potential are Patton, Harvie Ward and two youngsters, Jack Nicklaus, Columbus, Ohio, and Bobby Nichols, Midland, Tex.

Dayton Fairmont Gets New Coach

DAYTON (AP)—The new head football coach at suburban Fairmont High School is Dave Puddington, 29.

An assistant there for three years, he succeeds Jack Fouts, who resigned to become assistant coach at Bowling Green State University. Puddington is a graduate of Canton Lehman High School and Ohio Wesleyan University.

The majors, won his fifth in a row with a six-hitter. He walked none and struck out three.

A two-run homer by Steve Bilko, his fourth, wrapped it up for the Redlegs in the fourth against southpaw Johnny Antonelli, now 5-4. The Reds also had six hits.

Ohio All-Stars Swamp Hoosiers

FORT WAYNE, Ind. (AP)—Ohio's towering All-Stars, led by Jerry Lucas, outclassed an Indiana high school all-star basketball team Monday night, 101-95, with Ohio's starting five contributing 98 of the total points.

Lucas led in the point production with 28. Gordon Mickey contributed 21. Mel Nowell, 20, John Havlicek 16, and Tom Sizer 10.

SporTopics

GAMES CANCELED

Rain sank into baseball diamonds on every corner of the county Monday and caused the cancellation of five baseball games hereabouts — including the two scheduled openers in the Little Minor League.

The minor league openers, between the Redlegs and the Thunderbirds, and between the Elks and the White Sox, will be rescheduled later. The league will "open" with the regularly scheduled Tuesday night games, featuring the FOPA vs the Wizards and First Federal vs Pennington. Canceled in the major league was a match between the Realtors and the Cowboys. Tuesday night, the Kernels and the Jets will meet.

A Babe Ruth game between Bray's and Bloomingburg has been rescheduled for Wednesday. A game between the Seals and

the Medics has been postponed indefinitely.

Tuesday night games in the Babe Ruth circuit will feature New Holland vs. Giron's and Jeff vs. Good Hope.

PLAN MORE RACING

Plans for another program of drag racing at Clinton County Air Force Base July 4 were made at a meeting of the Twins County Timing Assn. in Wilmington Monday night.

Both stock and modified classes will be featured. Admission is free, but there is a small pit pass charge. Drivers are expected to attend a meeting in the base theatre June 14 for briefing on track conditions and conduct.

A turnout in excess of the 73 cars drawn to the last set of races expected. The timing group is made up of hot rod clubs from Fayette and Clinton Counties.

Lancaster Youth Gets Phils Bonus

LANCASTER (AP)—Larry Baughman, 18-year-old Lancaster High School catcher, Monday was signed to a bonus contract by the Philadelphia Phillies.

Baughman was an All-Ohio full-back last season. He stands 6-2, weighs 205 and was his high school athlete-scholar of the year. He was graduated last Friday.

With his high school baseball team this season he batted .385. He averaged 485 last season with an American Legion post team.

The amount of his bonus was not announced, but was reported in excess of \$50,000. He will report to Philadelphia Thursday for reassignment to a minor league club.

Billy Loes Back With Baltimore

BALTIMORE (AP)—Problem pitcher Billy Loes, as unpredictable as ever, has rejoined the Baltimore Orioles and says he is ready to pitch again for Manager Paul Richards. But he would rather pitch for someone else.

The outspoken 28-year-old right-hander left no doubt about why he reconsidered an earlier announcement that he would never play for Richards again.

"I'll pitch because that's the way I make my living, not because I think Richards is the greatest man in the world," Loes said. "Sure I guess I could quit, but I'd be crazy to do that."

Redlegs Find Secret to Road Wins

ST. LOUIS (AP)—Well, it looks like the Cincinnati Redlegs have finally got the hang of winning on the road.

They came into St. Louis today on the next-to-last leg of their current trip boasting a 5-2 win record. That includes a four-game series with the league-leading San Francisco Giants against whom Cincinnati won three times. The performance boosted the Redlegs into third place just 3½ games behind the Giants.

On their last extended road trip the Redlegs came home with four wins, eight losses.

For tonight's opener of a three-game series with the Cardinals, southpaw Harvey Haddix (3-3) will go to the mound for the Redlegs while another left hander Wilmer Mizell (3-5) will hurl for St. Louis.

In Monday's finale with the Giants, Redleg Bob Purkey pitched a six-hitter for his fifth straight win, 3-0, and eighth triumph in nine trips to the mound.

The Redlegs got only six hits off Giant starter Johnny Antonelli. But one was a home run by Steve Bilko with one aboard in the fourth to put the Redlegs out in front 2-0.

The insurance run came in the seventh when Don Hoak singled to left, went to second on Ed Bailey's sacrifice and scored on Eddie Miksis' single.

DeCola Awarded TKO over Schmidt

NEW YORK (AP)—Peter Schmidt complained bitterly because the doctor wouldn't let him come out for the 10th round against Tony DeCola.

"If he let me fight the last two minutes of the ninth, why couldn't I fight the tenth?" asked Schmidt in his dressing room at St. Nicholas Arena Monday night.

Schmidt was gashed over the left eye early in the ninth. After an examination in his corner at the end of the ninth, Dr. Alexander Schiff of the New York State Athletic Commission refused to let him continue. Under New York rules it went as a ninth round technical knockout by DeCola.

The first major league baseball game to be televised was from Ebbets Field when the Brooklyn Dodgers played the Boston Braves on Aug. 26, 1939.

Plenty of Candidates Listed For Best Relief Hurler Nod

NEW YORK (AP) — So many awards are being handed out each year for outstanding individual performances in the major leagues it is almost impossible to keep track of them all.

Therefore one more won't hurt. How about honoring the best relief pitcher in each league?

There are a lot of good ones this year. Don McMahon of Milwaukee, Duke Farrell of Philadelphia, Clem Labine of Los Angeles, Marv Grissom of San Francisco, Riney Duren of New York, Dick Hyde of Washington, Hoyt Wilhelm of Cleveland, George Zuverink of Baltimore, Gerry Staley of Chicago White Sox and Murry Wall of Boston are just a few of the list of hurlers who have discovered it pays to go on relief.

The best one? That's difficult to figure. No matter who you name you're bound to get an argument from admirers of some other guy.

The best won-lost records are boasted by Boston's Ike Delock (3-0), McMahon (5-1), St. Louis' Billy Muffett (3-1), Chicago Cubs'

Don Elston (6-3) and Grissom (4-2).

The best earned run averages are owned by St. Louis' Phil Paine (0.67), Duren (1.23), Farrell (1.32), Boston's Leo Kiely (1.42), Hyde (2.14), Zuverink (2.23) and Pittsburgh's Don Gross (2.23).

The most saves have been achieved by Duren (9), Hyde (7), Farrell (6), Muffett (6), Wall (5), Staley (5), the Dodgers' Ed Roebuck (5) and Labine (5).

The hardest workers have been Hyde and Tex Clevenger of Washington 42 innings, Wilhelm and Wall (40), Staley (36), Labine (35), Farrell (34) and Gross and Roebuck (30).

Now for the awards. The current choices here are between Farrell and McMahon in the National League and Duren and Hyde in the American.

Boston University's Faculty Club has a room without doorknobs. The original owner, Dr. Charles Weld, built the room to protect his valuable art collection. Hidden panels open the doors.

Veteran State Educator Gets Post as Assistant Chieftain

COLUMBUS, Ohio (AP) — The
job is new, but the man who's tak-
ing it is a veteran.

The new post is assistant state
superintendent in charge of in-
struction. The State Board of Edu-
cation created it Monday at the
recommendation of Dr. F. E. Holt,
state superintendent of public in-
struction.

Appointed to the job was Har-
old J. Bowers, 53, a career man
who has been with the State De-
partment of Education for 22
years. During that time, he has
been director of teacher educa-
tion and certification, working out
of Ashville in Pickaway County.

Before that, Bowers was a
teacher and administrator in Pick-
away County schools. He is a for-
mer president of the National
Assn. of State Directors of Teach-
er Education and Certification.

He'll get \$5,000 more a year in
the new job, moving up to a
\$14,000 annual salary. And he'll
have charge of all public instruc-
tion in the state.

Bowers' assistant, Albert C.
May, moves into a \$9,000-a-year
job as state education and certifi-
cation director. May joined the de-
partment in January. He has been
a principal in the Steubenville,
Marion and Martins Ferry school
systems.

Other decisions that came out
of the board meeting included:
Assignment of Kent State Uni-
versity to make a school district
reorganization study requested by
Fayette County. No contract has
been signed.

Acceptance of the resignations
of Ray G. Wood, director of the
Division of Ohio Scholarship Tests
for 26 years, and Marlow B. Per-
rin, director of the Bureau of Voc-
ational Rehabilitation. Edward J.
Moriarty was appointed to the lat-
ter post.

Granting of authority to super-
intendents of county, city and
exempted village school boards to
excuse students when in emergen-
cies arise at home. This generally
has been in effect, but is now
spelled out at the local level.

Setting a public hearing on
standards for colleges and univer-
sities offering the arts and
sciences degree for the first time.
It will be July 14 (1 p. m. EST) in
Columbus.

Renewing regulations govern-
ing payment of state funds to
school districts for purchase of
buses.

Taking further steps to create
one new school district out of the

Final 4-H Enrollment In Fayette County This Year Given to Council

The 1958 4-H enrollment for Fayette County submitted to the 4-H Council Monday night at its regular meeting in the Extension Service office by Associate County Agent Phil Grover showed a total of 851 boys and girls are currently engaged in 1203 projects.

This compares with 862 club members enrolled in 1264 projects in 1957. Last year was the largest enrollment both in club members and projects that Fayette County has had.

Grove pointed out that this year's slight decrease of 11 members and 61 projects means an opportunity to increase the completion rate. Grover called this a sort of "breathing spell," to improve quality rather than quantity.

A further breakdown of enrollment shows 278 boys as compared with 262 last year and 573 girls as compared with 600 in 1957.

An increase in enrollment was noticeable in sheep projects, which this year are at an all time high of 78 members compared with the previous high of 66 members in 1957. This year 18 members are enrolled in conservation and entomology projects and in the past only one or two members have been interested. The 4-H horse and pony projects have made another increase up to 35 members, primarily due to a new pony club being organized near Jeffersonville. Beef, swine and engineering projects remain almost identical with last year's enrollment. A decrease was noted in clothing and nutrition projects.

THE 1958 enrollment in the different projects is: Beef breeding 16; steer feeding 61; dairy 17; market hogs 65; swine breeding 19; poultry 3; rabbits 12; market lambs 66; sheep breeding 12; gardening 12; tractor 24; saddle horse 35; wood working 30; electricity 21; conservation 13; entomology 35; field crops 1; flower gardening 4; clothing 330; nutrition 306; home furnishings 35; home management 12; first aid 6; child care 20; personality 7 and Junior Leadership 71.

The 4-H Fair supplement and premium lists were distributed to the Council members. It was reported that all 4-H advisors will receive the fair materials this week. Advisors were encouraged to note carefully the rules and regulations.

It was announced that Sue Stephenson and Pat Sears, members of the Junior Leaders'hip Club, will attend the 13th annual State Junior Leadership Camp June 16-21 at Camp Ohio in Licking County. They will be representing Fayette County 4-H.

Announcement was also made that two boys from here will be sent to the Ohio Forestry Camp at Tar Hollow, June 22-28. The boys have not as yet been selected but

Service Station Is Burglarized

Williams Service Station on Rt. 35 was broken into sometime after midnight Monday.

The glass on the north side of the filling station was broken and some money was taken from two pinball machines, Sheriff Orland Hayes said. The definite amount is not yet known.

Sheriff Hayes took the coin boxes from the machines to London Tuesday afternoon to have them checked for fingerprints. Nothing else at the station was touched, the sheriff said. The exact time or how many took part in the breaking and entering is not yet known.

Vandals Break Windows At Eshelman's Feed Co.

Vandals broke five or six windows at Eshelman Feed Co. mill sometime Sunday, the manager reported to the Washington C. H. police.

The windows were broken with BB guns and rocks thrown from the railroad tracks. Police said the mill was not entered.

Jaycees Install New Officers

Committee Reports Made at Meeting

"Leadership training and community betterment should be uppermost in the minds of all Jaycees," Bill Williams retiring president of the Washington C. H. Junior Chamber of Commerce, said in a farewell talk in the Rendezvous banquet hall Monday night.

Williams thanked the officers and committee chairmen who worked with him through the year, and swore in Robert Tice to succeed him as head of the Jaycee.

Tice swore in the officers who will guide the fortunes of the group through his presidency. They are David Six, first vice-president; Marlyn Reno, second vice-president; David Looker, treasurer; and Jack Lyons and Ralph Cook, directors.

Charles Cox and Jerry Gaffney were admitted to Jaycee membership at the meeting.

Luke Roberts, youth activities chairman, reported on the state driving Road-e-o Sunday in which Alton Perry Salver and Vonda Lee Hall represented Fayette County.

ROBERTS also reported that the youth recreation program at the community park, which the Jaycees have endorsed, is in "full swing."

The Jaycee community evaluation survey will be turned over to the state organization, Bob Denton reported for the local group's survey committee.

Tice, speaking for the special events committee, said concessions have been obtained for the Jaycee's Fourth of July celebration.

Civic Improvement Chairman Jack Lyons said that work is lagging on the new concession stand and sports equipment locker the Jaycees are building at the community park. He urged that Jaycees contribute their time at 4 p. m. Thursday, at 1 p. m. Saturday or at 1 p. m. Sunday, when organized work details will attack the project.

Car Hits Truck And Driver Fined

A New Holland man was fined in Municipal Court this morning for failing to stop behind a truck Monday.

Harry Butts, 73, New Holland, was fined \$5 and costs for failure to stop within an assured clear distance. He entered a plea of not guilty, but was found guilty.

Monday at noon Butts was going east on Route 22 at Hills Grocery at New Holland. He hit a 1934 pickup driven by Richard L. Klever, 17, New Holland.

Klever was going east 5 mph when Butts approached at 35, the sheriff's report said. Klever, according to sheriff's reports, said he stopped to make a left hand turn into Hill's Grocery, signaling before he turned. Butts was quoted by sheriff's deputies saying he didn't see any signal.

Damage to the Klever truck was minor. Butts' car suffered \$500 damage.

Farm Bureau's new 85% Blackstrap Molasses with 42% Sugars

—for dairy and beef cattle, sheep and silage

A new, dry form of molasses that's easy to handle. Pellets or mash. Improves taste of feeds, increases feed intake, steps up production. Here are a few of its many advantages...

- dry material ends problem of handling sticky molasses
- no burned or acid flavors and odors—flash drying eliminates them. It's as sweet and tasty as it smells.
- only ingredients are Soybean Mill Feed, completely impregnated with Blackstrap Molasses.
- 42% sugar content provides quick energy for more stamina.
- pellets won't scatter with wind or blower action.
- many other advantages—ask for descriptive folder.

Available in convenient 50-lb. bags.

Bloodmobile Coming Thursday; Supply Is Low; Donors Needed

Blood donors are needed. That was the word that went out from Memorial Hospital, from the county Red Cross headquarters and from the Business and Professional Women's Club, which is sponsoring Thursday's visit of the mobile unit here.

And, there was a note of desperation in all three appeals.

The bloodmobile will be opened at 10 a. m. Thursday at the First Presbyterian Church, Market and Hinde Sts., at 10 a. m. and remain open until 4 p. m.

Fayette County has been given a quota of 175 pints, same as it has been for more than two years, to replenish the dwindling stocks in the Red Cross blood bank, which supplies blood for Fayette Countians without charge.

A MEMORANDUM from the Red Cross Blood Center in Columbus to Memorial Hospital here Monday underscored the need for donations when the mobile unit comes here Thursday. It said:

"Due to a serious drop in blood collections during the past two weeks, the Blood Center has been

forced to operate on an emergency basis. Only emergency needs are being met in all hospitals."

Mrs. Robert P. Wilson, county blood chairman, explained that the Blood Center supplies blood to hospitals and residents in 27 central Ohio counties. Each county, she said, is counted on to donate blood to the blood bank in proportion to its population and the amount of blood drawn from the bank.

THIS YEAR, Fayette Countians have given 332 pints of blood to the blood bank and 356 pints have been drawn out for use in Memorial Hospital alone. This does not include blood that has been given to Fayette Countians in other hospitals served by the Blood Center.

Miss Christine Evans, administrator of Memorial Hospital, emphasizing the seriousness of the shrinking supply in the blood bank, said Tuesday "we are even in need of A-positive and O-positive blood... these are the most common types."

Members of the Business and Professional Women's Club, who

are recruiting donors for Thursday's visit of the bloodmobile, reported Monday evening that they are having trouble lining up donors.

With a quota of 175 pints of blood, experience has shown that at least 200 volunteer donors are needed.

Mrs. Leonard Korn, secretary of the Red Cross chapter here who is handling the details, said that by Tuesday morning only 60 appointments had been made by donors.

She pointed out that if donors have appointments, they will be spared waiting at the bloodmobile and that the staff can arrange its time to avoid the rush and slack periods during the day.

Appointments can be made, Mrs. Korn said, by calling her (2-2401) or any member of the Business and Professional Women's Club.

Campaign Account Deadline June 20

The big majority of expense accounts for the May 6 primary election already have been filed with the Fayette County Board of Elections, but late-comers are warned that the deadline is 4 p. m. Friday, June 20.

Every candidate, except party committee aspirants who had no opposition, must file a sworn statement detailing contributions to his campaign and his expenses accompanied by receipts for payments in excess of \$25.

Candidates, except those unopposed for committee posts, who had no receipts or expenditures must file statements to that effect.

Failure to file statements within 45 days of the election disqualifies the candidate from seeking office for a period of five years.

Mainly About People

Mr. and Mrs. Dwight Roads Jr. and children, Michael, Andrew, Scott and Beth, moved Saturday from 826 Lincoln Dr. to 2731 N. E. 52nd St. in Pompano Beach, Fla.

Ensign Bradley Bennett and Larry Bennett, sons of Mr. and Mrs. Loren Bennett, 615 Oak Circle, left Tuesday morning for Norfolk, Va., where Ensign Bennett will be supply officer aboard the U. S. S. Borie. Larry Bennett will return home by plane Wednesday.

Charles Gregory is the name chosen by Mr. and Mrs. William H. Chatten, 304 Robin Rd., Waverly, for their son born in the Chillicothe Hospital May 29.

Mr. and Mrs. Simon White Jr. and son, Danny, 1028 Briar Ave., have returned from Washington, D. C., where they visited several points of interest.

Mrs. Merrill Kaufman and infant son, Douglas Eryl, were released from White Cross Hospital, Columbus, Saturday to go to their home, 433 Rawlings St.

Pomona Grange Session Scheduled for Friday

Pomona Grange will meet Thursday at the Farm Bureau Auditorium at 8 p. m.

Master Charles Cook will preside, with juveniles presenting the program. All members are urged to attend.

Fayette Hobby Club Plan Meeting Friday

The regular session of the Fayette County Hobby Club will be held at the City Building at 7 p. m. Friday with the usual carry-in supper as a feature of the meeting.

Homer H. Harrison, president, has announced that in addition to

NEW LAXATIVE ADVANCE for Fast Constipation Relief*

NEW SERUTAN PLUS

with soothing, softening medication for more comfortable action

When you suffer from temporary constipation... try this new laxative advance that gives you really fast relief. It's new SERUTAN PLUS, in capsule form. The big PLUS in SERUTAN PLUS is the new soothing, softening medication it contains which must give you more comfortable action than other laxatives. You'll find this prescription-type laxative works so effectively... yet is so kind to your system.

It softens dry, hard, irritating colonic waste... keeps it moist, pliable and well-formed. No straining or leakage. So, next time you suffer from temporary constipation, try new SERUTAN PLUS. Taken as directed, you must get fast relief... Plus more comfortable action... or your money back.

*Effective relief of temporary constipation
